Policy Statement on Academics

Catholic High School, selective in admissions, offers only college-preparatory courses. None of these courses, no matter how advanced or difficult, is labeled "Honors" or "Advanced" because of our conviction that such labels promote an intellectual elitism, and because those students in courses not so labeled are disposed to believe they are inferior and that less is expected of them.

Class of 2011 — Class Size 166

98% are presently attending 4-year colleges
20% attend college in states other than Arkansas
40% have received offers of academic scholarships

Testing (Senior Scores)

Mean Scores	SAT Critical Reading	SAT Math	SAT Writing	ACT Composite
2009	596	602	567	23.9
2010	557	591	535	23.8
2011	593	605	569	24.8

(95% or more of our juniors and seniors take the SAT Reasoning, SAT Subject Tests and/or ACT.)
Other tests available to Catholic High Students: STS High School Placement (required); PSAT/NMSQT; Advanced Placement

Policy Statement on Extra-curricular Activities

Because of the multitude of specialized activities now available to students outside of school, Catholic High limits extracurricular activities to those which involve the participation of a multitude of students simultaneously, like athletics. It is our belief that too much emphasis on non-curricular matters has a tendency to make a high school "a place where students are gathered together to have their education regularly interrupted." Of course, students are encouraged to participate in as many church and civic activities as their time outside of studies permits.
