

# 2018 DRIVERS EDUCATION APPLICATION

Catholic High School will once again offer two sessions of Driver Education during the summer of 2018. The course will include classroom instruction and on-the-road driving. The students will experience residential, rural, and freeway driving, and will learn such basics as parallel parking and fundamentals of car maintenance.

The student must be *at least 14 years old and have a learner's permit*. If the course is successfully completed, the student could qualify for an insurance discount. Please check with your insurance company before signing up.

Positions will be filled on a first come, first served basis. The cost will be \$340.00 and your application will require a \$170.00 deposit. The balance will be due the first day of the session. The student may choose any of the times listed for the two sessions. If the student is assigned any of his/her choices and chooses not to attend the \$170.00 is nonrefundable.

Session I- Wednesday, June 6 to Tuesday, June 19

Session II- Wednesday, June 20 to Tuesday, July 3

Each session has three time sections for your choosing: 8-12, 10-2, and 12-4.

During these time periods, students will receive two hours of driving instructions and two hours in the classroom instruction. All students should be dropped off in the parking lot in front of the school. All students must be picked up promptly at the end of their assigned times. There will be no adult supervision of students after they are released from class.

We expect all students to abide by Catholic High rules and regulations. Male students will not be allowed to wear earrings, for example. The dress code, however, will be relaxed to allow for summer clothes. Shorts are acceptable, but for safety purposes no sandals will be allowed.

If you are interested, fill out the back page and return it to Catholic High. If you have any questions, please contact Steve Aday at [adaychs@gmail.com](mailto:adaychs@gmail.com) or 501-664-3939. Positions will be assigned on a first come, first served basis, and space is limited, so please don't delay!
