Please make sure your child has his or her permit before class begins- not the week the class starts. You must have a permit in order to drive. Failure to do so may result in not completing the class. Set a goal to have completed the written and/or driving tests well before class begins (ideally by the end of May at the latest.) All students must complete the mandatory days of class in order to receive a certificate. Any makeup days will result in a \$40 fee per class missed.
